U.S. Department of Transportation

Federal Highway Administration

Notice

Subject:

APPORTIONMENT OF FEDERAL-AID HIGHWAY PROGRAM FUNDS FOR THE PERIOD BEGINNING ON OCTOBER 1, 2026, AND ENDING ON DECEMBER 11, 2026

Classification Code	Date	Office of Primary Interest
N4510.916	**October 1, 2026**	**HCFB-10**

1. **What is the purpose of this Notice?** This Notice transmits the certificate of apportionment for apportioned Federal-aid highway program funds authorized for the period beginning on October 1, 2026, and ending on December 11, 2026 (hereafter referred to as the "extension period"), pursuant to the Surface Transportation Extension Act of 2026, Division C, Public Law (Pub. L.) 119-103 (hereafter, "Extension Act"). The apportionments made available by this Notice are for the following programs: National Highway Performance Program (NHPP), Surface Transportation Block Grant (STBG) Program, Highway Safety Improvement Program (HSIP), Railway-Highway Crossings Program (RHCP), Congestion Mitigation and Air Quality (CMAQ) Improvement Program, National Highway Freight Program (NHFP), Metropolitan Planning Program (MPP), Carbon Reduction Program (CRP), and Promoting Resilient Operations for Transformative, Efficient, and Cost-Saving Transportation (PROTECT) Formula Program. The apportionments are effective immediately.

2. **What is the availability of these funds?**

   a. The funds resulting from this apportionment are available for obligation until September 30, 2030. Any amounts not obligated by the State on or before September 30, 2030, shall lapse.

   b. The funds resulting from this apportionment are available for obligation immediately and shall be subject to obligation controls in force at the time of obligation.

   c. For the extension period, an amount of NHPP funds equal to $126,049,315 prior to sequestration ($118,864,504 after sequestration) that is exempt from obligation controls is provided. See the Federal Highway Administration Notice N4510.917 for additional information on sequestration.

   d. The Federal share payable shall be in accordance with Section 120 of Title 23, United States Code (U.S.C.), except as specifically provided by another provision of law.

   e. The program codes to be used when obligating these funds will be provided in a separate memorandum.

f. The Assistance Listing Numbers (formerly Catalog of Federal Domestic Assistance) for these funds have been revised and can be located at https://sam.gov/assistance-listings.

3. **What amounts are authorized and available for apportionment?**

a. The Extension Act extends the surface transportation programs, including the Federal-aid highway program, under the Infrastructure Investment and Jobs Act (IIJA) (Pub. L. 117-58) and Title 23, U.S.C., through December 11, 2026.

b. Section 3101(a) of the Extension Act incorporates by reference and continues in effect through December 11, 2026, the requirements, authorities, conditions, eligibilities, limitations, and other provisions authorized under the covered laws, which would have otherwise expired or ceased to apply after September 30, 2026.

c. Pursuant to Section 3002 of the Extension Act, the covered laws are:

(1) Division A, Division B, and Division C of the IIJA (Pub. L. 117-58; 135 Stat. 429).

(2) Titles I, II, III, IV, V, VI, VII, VIII, XI, and XXIV of the Fixing America's Surface Transportation Act (Pub. L. 114-94; 129 Stat. 1312);

(3) Division A, Division B, Subtitle A of Title I and Title II of Division C, and Division E of the Moving Ahead for Progress in the 21st Century Act (MAP-21) (Pub. L. 112-141; 126 Stat. 405);

(4) Titles I, II, and III of the SAFETEA-LU Technical Corrections Act of 2008 (Pub. L. 110-244; 122 Stat.1572);

(5) Titles I, II, III, IV, V, and VI of SAFETEA-LU (Pub. L. 109-59; 119 Stat. 1144);

(6) Titles I, II, III, IV, and V of the Transportation Equity Act for the 21st Century (Pub. L. 105-178; 112 Stat. 107);

(7) Titles II, III, and IV of the National Highway System Designation Act of 1995 (Pub. L. 104-59; 109 Stat. 568);

(8) Titles I, II, III, IV, V, and VI of the Intermodal Surface Transportation Efficiency Act of 1991 (Pub. L. 102-240; 105 Stat. 1914);

(9) Title 23, U.S.C.; and
(10) Sections 116, 117, 330, 5128, 5505, and 24905 and Chapters 53, 67, 139, 303, 311, 313, 701, and 702 of Title 49, U.S.C.

d. Pursuant to Section 3101(b)(1)(A) of the Extension Act, there is authorized to be appropriated out of the Highway Account of the Highway Trust Fund for FY 2027 an amount equal to 72/365 of the amount authorized for appropriation for each program from such account under the covered laws for FY 2026.

e. Pursuant to Section 3101(c)(1) of the Extension Act, the funds authorized to be appropriated for the extension period for each program shall be distributed, administered, limited, and made available for obligation in the same manner as amounts authorized to be appropriated with respect to the program for FY 2026 under the covered laws.

f. The apportionment of Federal-aid highway program funds for the extension period is calculated first on an annualized basis.

g. An annualized total of $56,814,769,844 ($11,207,297,065 for the extension period) is authorized for the Federal-aid highway apportioned programs. This total amount is referred to as the base apportionment.

4. **How are the State-by-State amounts determined?**

a. Pursuant to Section 104(c)(1)(A) of Title 23, U.S.C., as continued by the Extension Act, the annualized initial amount of the FY 2027 base apportionment for a State is calculated by multiplying the total annualized amount available by the ratio of that State's FY 2021 combined amount of apportionments to the total FY 2021 combined amount of apportionments for all States.

b. Pursuant to Section 104(c)(1)(B) of Title 23, U.S.C., as continued by the Extension Act, the annualized initial amounts are then adjusted to ensure that each State's aggregate amount of apportionments of the base apportionment is:

(1) not less than 95 percent of the estimated tax payments attributable to highway users in that State paid into the Highway Trust Fund (other than the Mass Transit Account) in the most recent fiscal year for which data is available and associated with taxes in effect on July 1, 2019 (and only up to the rate those taxes were in effect on that date);

(2) at least 2 percent greater than the apportionment that the State received for FY 2021; and

(3) at least 1 percent greater than the apportionment that the State received for the previous fiscal year. Note that this adjustment is not possible under

the Extension Act because the annualized authorized amounts are equal for FY 2026 and FY 2027.

c. The State-by-State amounts available for the extension period are then determined by multiplying the annualized amount calculated for each State by 72/365. However, for the purposes of continuing the determination of the program-by-program amounts under paragraph 5, the calculations use the annualized State apportionments.

5. **How are the program-by-program amounts determined?**

a. From each State's total annualized base apportionment determined under Section 104(c)(1) of Title 23, U.S.C., as continued by the Extension Act, an annualized amount is set aside for the CMAQ Program. Pursuant to Section 104(b)(4) of Title 23, U.S.C., as continued by the Extension Act, the set-aside amount for each State is calculated by multiplying the total annualized FY 2027 set-aside amount of $2,745,579,213 for all States by the ratio of that State's FY 2020 apportionment for the CMAQ Program to the total FY 2020 CMAQ Program apportionments for all States.

b. From each State's total annualized base apportionment determined under Section 104(c)(1) of Title 23, U.S.C., as continued by the Extension Act, an annualized amount is set aside for the NHFP. Pursuant to Section 104(b)(5) of Title 23, U.S.C., as continued by the Extension Act, the set-aside amount for each State is calculated by multiplying the total annualized FY 2027 set-aside amount of $1,487,188,740 for all States by the ratio of that State's total annualized base apportionment to the total annualized base apportionments for all States.

c. From each State's total annualized base apportionment determined under Section 104(c)(1) of Title 23, U.S.C., as continued by the Extension Act, an annualized amount is set aside for the MPP. Pursuant to Section 104(b)(6) of Title 23, U.S.C., as continued by the Extension Act, the set-aside amount for each State is calculated by multiplying the total annualized FY 2027 set-aside amount of $474,236,409 for all States by the ratio of that State's FY 2020 apportionment for the MPP to the total FY 2020 MPP apportionments for all States.

d. After distributing the amounts for the CMAQ Program, the NHFP, and the MPP, pursuant to paragraphs (1) through (3) and paragraphs (7) and (8) of Section 104(b) of Title 23, U.S.C., as continued by the Extension Act, the remainder of the annualized base apportionment to a State is distributed in the following proportions: 59.0771195921461 percent for the NHPP, 28.7402203421251 percent for the STBG Program, 6.70605141316253 percent for the HSIP, 2.56266964565637 percent for the CRP, and 2.91393900690991 percent for the PROTECT Formula Program.

e. Section 130(e)(1) of Title 23, U.S.C., as continued by the Extension Act, instructs that not less than an annualized total of $245,000,000 ($48,328,767 for the extension period) for FY 2027 shall be set aside from the HSIP prior to the apportionment of that program for the RHCP. The RHCP amount for each State is determined by distributing the $245,000,000 annualized amount according to the formula in Section 130(f) of Title 23, U.S.C., as continued by the Extension Act. The resulting RHCP annualized amount for a State is then set aside from that State's annualized initial HSIP amount.

f. Pursuant to Section 1519(a) of the Moving Ahead for Progress in the 21st Century Act (MAP-21), as amended by the IIJA, as continued by the Extension Act, an annualized total of $3,500,000 ($690,411 for the extension period) for FY 2027 is set aside from the HSIP prior to the apportionment of that program to carry out safety-related activities and operate authorized safety-related clearinghouses under such section. The set-aside is made on a proportional basis from each State's initial HSIP amount.

g. A State's official HSIP apportionment is the initial HSIP amount net of the RHCP set-aside amount and the set-aside amount under Section 1519(a) of MAP-21. In addition, the $3,500,000 annualized amount ($690,411 for the extension period) set aside under Section 1519(a) of MAP-21 is classified as allocated funding for safety-related activities and clearinghouses and, therefore, does not appear in the table of State-by-State apportionments.

h. The program-by-program amounts for the extension period are then determined by multiplying each of the annualized program amounts calculated for each State by 72/365.

i. Table 1 shows the State-by-State, program-by-program apportionment amounts (before post-apportionment set-asides, before penalties, and before sequestration) available under the Extension Act for the extension period.

6. **Are certain States subject to transfer or withholding penalties?** Yes. Currently, the States that are listed under the following requirements are subject to transfer or withholding penalties.

a. **Open Container Requirements–23 U.S.C. 154–2.5 percent**

Funds subject to transfer penalty: NHPP and STBG Program.

Alaska, Connecticut, Delaware, District of Columbia, Hawaii, Louisiana, Maine, Mississippi, Missouri, Ohio, Tennessee, Virginia, and Wyoming

The funds subject to transfer for a State in noncompliance with Section 154 of Title 23, U.S.C., are reserved and then, in the proportions elected by the State,

released for use on eligible HSIP activities under Section 148 of Title 23, U.S.C., or transferred to the State's Highway Safety Program (HSP) under Section 402 of Title 23, U.S.C.

Table 2 shows the transfer penalty amounts for the extension period under Section 154 of Title 23, U.S.C., subject to Section 154(c)(5), which authorizes a State to designate how the total transfer penalty amount is to be derived from the NHPP and the STBG Program.

b. **Minimum Penalties for Repeat Offenders for Driving While Intoxicated or Driving Under the Influence–23 U.S.C. 164–2.5 percent**

Funds subject to transfer penalty: NHPP and STBG Program.

Alaska, California, Colorado, Hawaii, Indiana, Louisiana, Michigan, Minnesota, Missouri, Montana, Nevada, New Mexico, North Dakota, Ohio, Oregon, Rhode Island, South Carolina, South Dakota, Vermont, Washington, and Wyoming

The funds subject to transfer for a State in noncompliance with Section 164 of Title 23, U.S.C., are reserved and then, in the proportions elected by the State, released for use on eligible HSIP activities under Section 148 of Title 23, U.S.C., or transferred to the State's HSP under Section 402 of Title 23, U.S.C.

Table 3 shows the transfer penalty amounts for the extension period under Section 164 of Title 23, U.S.C., subject to Section 164(b)(5), which authorizes a State to designate how the total transfer penalty amount is to be derived from the NHPP and the STBG Program.

c. **Commercial Drivers' License–49 U.S.C. 31314–Up to 4 percent for the first instance of noncompliance, and not more than 8 percent for subsequent instances of noncompliance.**

Funds subject to withholding penalty: NHPP and STBG Program

California and New York

A State in noncompliance with Section 31314 of Title 49, U.S.C., is subject to withholding up to 4 percent of funds subject to the withholding penalty for the first instance of noncompliance. For subsequent instances of noncompliance, a State is subject to withholding of not more than 8 percent of funds subject to the withholding penalty. The Federal Motor Carrier Safety Administration has assessed a total penalty of 4 percent proportionally split between the two programs. The penalty funds for a State under Section 31314 of Title 49, U.S.C., are withheld from apportionment and lapse immediately.

Table 4 shows the withholding penalty amounts for the extension period under Section 31314 of Title 49, U.S.C.

7. **What other amounts are related to these apportionments?** Supplementary tables showing other amounts related to these apportionments will be issued at a later date via a separate notice. The amounts shown in the supplementary tables will include set-asides (e.g., State Planning & Research, Transportation Alternatives, etc.), suballocations for the STBG Program, CRP, and the Transportation Alternatives set-aside, and various limiting amounts.

8. **What action is required?** Division Administrators should ensure that copies of this Notice are provided to the State departments of transportation.

CERTIFICATE OF APPORTIONMENT FROM THE SUM OF $11,207,297,065 AUTHORIZED TO BE APPROPRIATED FOR APPORTIONED FEDERAL-AID HIGHWAY PROGRAMS FOR THE PERIOD BEGINNING ON OCTOBER 1, 2026, AND ENDING ON DECEMBER 11, 2026

TO—

The Secretary of the Treasury of the United States and the State Departments of Transportation:

Pursuant to Section 9503 of the Internal Revenue Code of 1986, the Infrastructure Investment and Jobs Act (IIJA), Title 23 of the United States Code (U.S.C.), and the Surface Transportation Extension Act of 2026, I certify—

First, that the Secretary of the Treasury has made the estimate required by Section 9503(d) of the Internal Revenue Code of 1986 and, based on that estimate, I have determined that the amount that can be apportioned for the Federal-aid highway program under the Surface Transportation Extension Act of 2026, Division C, Public Law 119-103, is $11,207,297,065, which is 100 percent of the amount authorized to be appropriated from the Highway Trust Fund (other than the Mass Transit Account) for the period beginning on October 1, 2026, and ending on December 11, 2026.

Second, that I have computed the apportionment to each State and the District of Columbia of the amounts authorized to be appropriated for the apportioned Federal-aid highway programs and further computed the distribution among the programs within each State and the District of Columbia in the manner provided by law.

Third, pursuant to Section 1519(a) of the Moving Ahead for Progress in the 21st Century Act, Public Law 112-141, as amended by the IIJA, as continued by the Surface Transportation Extension Act of 2026, I have set aside $690,411 to carry out safety-related activities and operate authorized safety-related clearinghouses under such section for the period beginning on October 1, 2026, and ending on December 11, 2026. Such amount is set aside from the Highway Safety Improvement Program (HSIP) prior to the apportionment of that program under Section 104(b)(3) of Title 23, U.S.C. The resulting amount for all apportioned Federal-aid highway programs after such set-aside is $11,206,606,654 for the period beginning on October 1, 2026, and ending on December 11, 2026.

Fourth, that in compliance with Section 154 of Title 23, U.S.C., the Open Container Requirements, 2.5 percent of the National Highway Performance Program (NHPP) and Surface Transportation Block Grant (STBG) Program apportionments for the States of Alaska, Connecticut, Delaware, Hawaii, Louisiana, Maine, Mississippi, Missouri, Ohio, Tennessee, Virginia, and Wyoming, and the District of Columbia are reserved for release for use on eligible HSIP activities or transfer to the States' 402 Safety programs.

Fifth, that in compliance with Section 164 of Title 23, U.S.C., the Minimum Penalties for Repeat Offenders for Driving While Intoxicated or Driving Under the Influence, 2.5 percent of the NHPP and the STBG Program apportionments for the States of Alaska, California, Colorado, Hawaii, Indiana, Louisiana, Michigan, Minnesota, Missouri, Montana, Nevada, New Mexico, North Dakota, Ohio, Oregon, Rhode Island, South Carolina, South Dakota, Vermont,

Washington, and Wyoming are reserved for release for use on eligible HSIP activities or transfer to the States' 402 Safety programs.

Sixth, that in compliance with Section 31314 of Title 49, U.S.C., the Withholding Amounts for State Noncompliance, a total penalty of 4 percent of the NHPP and the STBG Program apportionments for the States of California and New York are withheld and lapse immediately.

Seventh, subject to the above-mentioned penalties, that the sums that are hereby apportioned to each State and the District of Columbia, effective immediately, are respectively as follows:

U.S. DEPARTMENT OF TRANSPORTATION
FEDERAL HIGHWAY ADMINISTRATION

FY 2027 FEDERAL-AID HIGHWAY PROGRAM APPORTIONMENTS UNDER THE SURFACE TRANSPORTATION EXTENSION ACT OF 2026
FOR THE PERIOD BEGINNING ON OCTOBER 1, 2026, AND ENDING ON DECEMBER 11, 2026
(before post-apportionment set-asides; before penalties; before sequestration)
